Portfolio: sohhamchoudhary.dev

EDUCATION

Indian Institute of Management Sambalpur Expected May 2029
B.S. in Data Science and Artificial Intelligence Sambalpur, India

TECHNICAL SKILLS

Languages	Python, SQL, JavaScript
Frameworks	React, FastAPI, Streamlit
ML/AI	TensorFlow, Scikit-learn, OpenCV
Data	NumPy, Pandas, Matplotlib, Plotly, Seaborn
Database	PostgreSQL
LLMs	Gemini API, Groq API, Cerebras, OpenRouter
Tools	Git, GitHub, Material UI, Excel, Tableau, Power BI, Vercel, Render, Neon

EXPERIENCE

Srijan: Ek Soch Jun – Jun 2026
Data & Operations Intern

- Built dashboards, analytical reports, and CSR presentations for stakeholders.
- Conducted Excel, Team Management and Event Management workshops for volunteers.
- Leveraged AI tools to streamline reporting workflows.

PROJECTS

SalesMindAI – React, FastAPI, PostgreSQL

- Built and deployed a full-stack AI CRM using React, FastAPI, and PostgreSQL with customer, task, notes, activity, and authentication workflows.
- Developed 40+ configurable KPI cards and 19 interactive analytics charts.
- Integrated Groq, Gemini, Cerebras, and OpenRouter with automatic fallback.
- Implemented AI lead scoring, follow-up email generation, JWT authentication, and CSV/XLSX import/export.
- Deployed using Vercel, Render, and Neon PostgreSQL.

AI Resume Analyzer – Python, Streamlit, Gemini API

- Built an ATS-style resume analyzer with resume parsing, skill extraction, and job description matching.

Facial Emotion Recognition – TensorFlow, OpenCV

- Developed a CNN-based real-time facial emotion recognition system trained on the FER-2013 dataset.

F1 Analytics Dashboard – Python, Streamlit

- Built an interactive Formula 1 analytics dashboard with predictive modeling and visualizations.

ACHIEVEMENTS

- 99.2 percentile in JEE Main.
- ACT Mathematics: 35/36 — ACT Science: 34/36.
